

Capture the Flag

Game Objective: To get from your point (A or B) to your Flag.

Directions:

- Begin at your point.
- Roll the two dice.
- Decide which number that you rolled will be the numerator (top number) and which will be the denominator (bottom number) and record the number as slope A.
- Decide if you want the slope to be positive or negative and record the sign next to your slope.
- Move your “point” as indicated by your slope.
- Now it is your partner’s turn. He/she repeats the same steps.
- Continue taking turns, recording the slope and moving towards your flag.
- The first person to reach his/her flag wins!

Record your slopes here:

Slope A	
Slope B	
Slope C	
Slope D	
Slope E	
Slope F	
Slope G	
Slope H	
Slope I	
Slope J
